

NEW MOTOR GENIE® APP

The MOTOR GENIE® - Condition Calculator™ App takes the guess work out of evaluating test data manually by using your smart phone or tablet. Know instantly if your motor is GOOD or Bad!

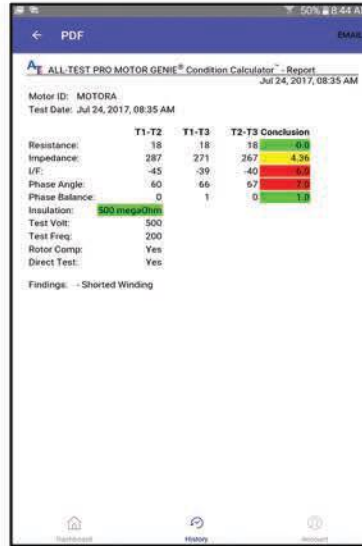

Motor Test Analysis

Data Analysis

Enter the test readings from the MOTOR GENIE® instrument to the data fields in the App. Select TEST button. The App will calculate and show the evaluation of the motor connections and stator windings.

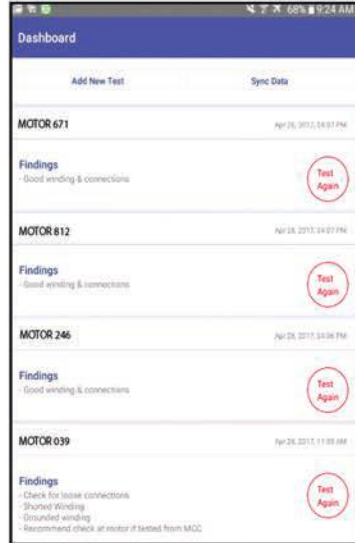

Motor Test Analysis PDF Report

Reporting

The History Tab allows users to view saved test results and/or email report data.

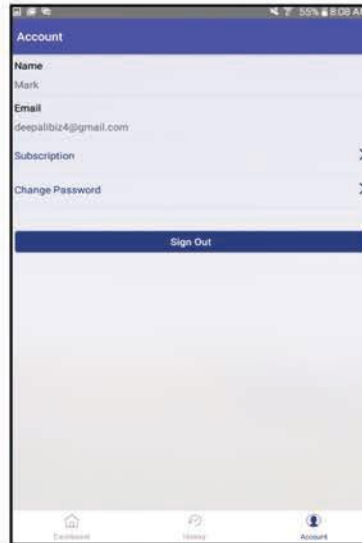

Test History Dashboard

Data Storage

The App allows the user to Add a New Test, Sync Data and Test a previously saved Motor Again.

Account Page

Account Information

Shows the user data entered during App set up.
